Story bank + final checks

Two rivalry bridges

The Streak Stoppers: On October 28, 2005, Greenbrier beat White House 20-10 on Senior Night, ending 23 consecutive losses in the series and winning the Region 4-3A title. The game film and broadcast replay are available in the Brier Patch. [1]

The present chase: White House has won nine straight in this series. Greenbrier's last victory came in 2016. Thursday is the 83rd recorded meeting, with White House leading 56-26. [1]

Weather desk | refresh required

The September 29 weather lookup for October 1 returned about 85 F and mostly cloudy at 7 PM, but the accessible NWS snapshot was older (September 25) and included a 30% Thursday-night shower chance. These are not a reconciled kickoff forecast. Leave exact temperature, rain chance and wind out of the opening script until a fresh local check. [6]

Before going on air

Confirm senior names and pronunciations; starting lineups and jersey changes; current sponsor/disclaimer copy; weather and radar; and any further official schedule notice. White House season player totals were not verified in this pass. The public roster has duplicate entries and numbers, so use it for identification only.

Record protection: Whites Creek remains postponed, makeup TBA. It is not a win, loss or tie and is excluded from Greenbrier's 1-4 record. The October 2 anniversary is Friday, not Thursday's game-day anniversary. [1]
